

Basics

COLARIS is a family of high-performance, high-quality printing machines for all kinds of textile and carpet materials.

Ranging from 2,200 mm up to 5,200 mm printing width, it covers most of the textile applications.

Well-tested inks with high fastness levels are used:

- Acid inks for polyamide (nylon) and silk
- Reactive and VAT inks for cotton and viscose fibers
- Disperse inks for polyester

Printing Machines

We have 3 models of digital printing systems:

COLARIS.SAMPLE PRINTER
