Characteristics and Technology

SUPRAPRESS

Mechanic system to enhance the ink penetration on materials printed with **COLARIS**or **CHROMOJET**printers.

The fabric, carpet, or any other pile product is passing between 2 driven rollers with an adjustable gap. Special cleaning devices on the rollers avoid ghost printing and smearing.

- Full penetration with minimum wet pick-up
- No frosting
- Even coloration
- Reduces steaming and drying energy

Applications

In combination with any low pick-up printing method like **CHROMOJET**and

COLARISprocess color printing

- Polyester pile products
- Polar, Coral and Mink Blankets
- Terry products
